

Position Vacant

Resource Development Coordinator

Work with passion and dedication every day

The SLSA National Office, based at Rosebery (Sydney, NSW) seeks a Training and Education Resource Development Coordinator. The successful applicant would become part of a passionate team that strives to save lives through continuous improvement and support of Surf Life Saving. This position is responsible for the development of high quality education resources, to facilitate the training of lifesavers all over the country and support front line operations.

The Resource Development Coordinator would be ideally suited to an individual with exceptional written and oral communication skills and demonstrated project management and project administration skills. Experience in designing education materials and/or developing quality learning resources is essential.

To find out more and apply, please visit our online jobs opportunities area at www.sls.com.au/careers or you can request a role description from reception on (02) 9215 8000. Any questions or job applications can be emailed to jobs@slsa.asn.au.

Applications close on **Friday 17th February 2012** and should be marked as confidential:
