

SURF LIFE SAVING AUSTRALIA

Child Safe Commitment

Surf Life Saving Australia (**SLSA**) and its member organisations comprise an organisation involving children and young people (**CYP**). SLSA operates across Australia and engages CYP through our programs and activities. SLSA takes seriously its responsibility to deliver a safe, fair and inclusive environment for CYP involved in Surf Lifesaving (**SLS**). We promote equity, respect and diversity by:

- actively anticipating CYP’s diverse circumstances and responding effectively to those with additional vulnerabilities;
- providing all CYP access to information, support and reporting processes;
- empowering CYP by giving them a voice and encouraging them to speak up on decisions that affect them;
- creating a fun and positive environment for CYP to be involved in; and
- paying attention to the needs of Aboriginal and Torres Strait Islander CYP, CYP with a disability, CYP who identify as LGBTIQ and CYP from culturally and linguistically diverse backgrounds.

Our Board endorses this commitment to keeping CYP safe from abuse and neglect.

Everyone in SLS, from Board to Executives to Staff and Volunteers, is responsible to:

- protect CYP from all forms of abuse, bullying and exploitation by our people;
- be alert to incidents of child abuse and neglect occurring outside of surf lifesaving that may have an impact on the CYP involved in our programs and activities;
- provide CYP with information, support and reporting processes; and
- create and maintain a child safe culture that is understood, endorsed and put into action by all the individuals who work for, volunteer or access our programs and services.

All people within SLS, regardless of role or level of responsibility, must act to keep CYP safe from such harm. They do this by adopting the practices and behaviour we have set as our standard when carrying out their roles, and reporting any concerning behaviours or reasonable belief of abuse or neglect of which they become aware to a Person in Position of Authority and/or to external authorities responsible for child protection or to Police, regardless of whether that abuse is being perpetrated by volunteers or employees within SLS, or by those outside SLS including those from the CYP’s family, extended family, their family’s extended network or strangers.

OUR COMMITMENT

SLS is committed to ensuring the safety and wellbeing of all CYP who are involved in SLS. Our policies and procedures seek to address risks to child safety and to establish child safe culture and practices in line with the National Principles for Child Safe Organisations. The [Child Safe Policy](#) is:

- accessible in forms that are easy to understand;
- informed by stakeholder consultation; and
- available to CYP and their families, our volunteers and staff and the general public.

We regularly review our policies, gain the endorsement of changes and advise our People (volunteers and staff) of changes.

We are committed to keeping children & young people safe

Through our Child Safe Framework, we document our clear commitment to keeping CYP safe from abuse and neglect. We communicate our commitment to all our volunteers and staff and give them access to a copy of our commitment statement. Our Child Safe Policy, Commitment statement, and other associated resources are available at <http://sls.com.au/childsafeframework>.

Our volunteers and staff know the behaviour we expect

All members should understand their role and the behaviour expected in relation to keeping CYP safe from abuse and neglect through the application of the Child Safe Policy. Clear position descriptions which clearly state relevant child safe requirements must be utilised. We have a Child Safe Policy, that outlines SLS' expectations for behaviour towards CYP. SLS volunteers and staff have access to the Child Safe Policy. SLS volunteers confirm that they have read and are committed to the Child Safe Policy annually through Membership forms and renewal.

We minimise the likelihood of recruiting a person who is unsuitable

We have appropriate measures in place to minimise the likelihood that we will recruit volunteers or staff who are unsuitable to work/volunteer with CYP. This is achieved through the use of best practice recruitment and screening processes, appropriate to the role and function being recruited for.

Induction and training are part of our commitment

We provide all volunteers and staff with information about our commitment to keeping CYP safe, including our Child Safe Policy and reporting process (<http://sls.com.au/childsafeframework>). We have a process for encouraging all volunteers and staff to complete appropriate child safe training. We support ongoing education and training for our volunteers and staff to ensure child safe information provided is current and regularly updated.

Our policies have up to date information relevant to specific legislation applying in the state or territory they are based in or where they may travel to as a part of their duties.

We encourage the involvement of children, young people and their parents

We involve and communicate with CYP, and their families in developing a safe, inclusive and supportive environment. We provide information to CYP and their carers (such as brochures, posters, handbooks, guidelines) regarding:

- our commitment to keeping CYP safe and communicating their rights
- the behaviour we expect of SLS volunteers and staff and of themselves
- our policy about responding to child abuse

We have processes for encouraging two-way communication with CYP and families. We seek their feedback and have a process for responding. We respect diversity and seek to facilitate effective communication and involvement.

Our volunteers and staff understand their responsibility for reporting child abuse and inappropriate behaviours

Our Child Safe Policy is responsible for responding to alleged child abuse or inappropriate behaviours and is approved and endorsed from the highest levels of our organisation and applies to all our volunteers and staff. The policy states that:

- volunteers and staff must immediately report abuse or neglect and any concerns with policies, practices or the behaviour of volunteers and staff.
- volunteers and staff must meet any legislated mandatory or other jurisdictional reporting requirements
- volunteers and staff must follow a specified process when reporting abuse or neglect including who will receive reports
- failure to report is serious misconduct.

SLS volunteers and staff are given a copy of or have access to the policy and understand the implications of the policy for their role. SLS documents any allegation, disclosure or concern regarding child abuse, and we monitor responses to all allegations, disclosures or concerns. Online Child Safe training is available for all stakeholders within SLS.

We maintain and improve our policies and practices

We are committed to maintaining and improving our policies, procedures and practices to keep CYP safe from neglect and abuse. We have assigned responsibility for maintaining and improving our policies and procedures to the CEO.

We monitor our volunteers, staff and external providers to ensure appropriate practice and behaviour, and policies are followed. We communicate with our volunteers and staff to ensure that they understand our policies and that the policies are effective in practice. We require our volunteers and staff to disclose convictions or charges affecting their suitability to work with CYP, and we review National Police Checks and/or WWCC checks periodically.

We have formally reviewed our service delivery to identify and document potential risks to CYP. We undertake formal reviews, at least annually, to identify and document potential risks to CYP associated with our service delivery. We have a procedure to undertake annual reviews, as part of our ongoing compliance with child safe requirements to ensure alignment with the National Principles for Child Safe Organisations.
